To assure inclusion on banners and Tee shirt kindly have Logos in by 11/10/2016 see attached Specifications:

Please email an Adobe Illustrator compatible vector file. This file type typically ends in ".ai" file format, and sometimes ".eps" or ".pdf". These files are typically used in the creation of letterhead, business cards, and other promotional material. This file format will ensure the best possible reproduction of your artwork and will keep our print charges low. Other file formats are acceptable but will incur conversion fees at the expense of our graphic designer. A one color design is desired for t-shirt sponsorship. A full color design will work for banners and other material being printed in full color. For questions regarding artwork please contact Joe Carrara at joe@logojoe.com.

The Kerry Rose Foundation's mission is to raise awareness of fire safety, specifically the importance of Fire Sprinklers and to disperse information to students regarding their rights in on and off campus housing.
